Re: Fishman v. City of New Rochelle  
19-CV-265 (NSR) (VR)

Dear Magistrate Judge Reznik:

The Quinn Law Firm represents defendant City of New Rochelle ("City") in the above-referenced action. At the Court's direction, we are submitting this letter, jointly with counsel for plaintiff, to advise regarding the status of discovery.

Earlier today I emailed plaintiff's counsel asking whether he intended on taking any additional depositions and whether there was anything else on his agenda regarding discovery. Plaintiff's counsel replied stating, in relevant part, "We are deeming discovery closed at this point." The City likewise does not intend to pursue any additional discovery.

Respectfully submitted,

Cc: Caner Demirayak, Esq.

The Court thanks the parties for their status update. As discovery appears to be complete, Judge Reznik will no longer require status updates or conferences with the parties. Of course, the parties are welcome to contact Judge Reznik if any issues arise before their Case Management Conference before Judge Román, currently scheduled for April 18, 2024.

SO ORDERED.
